

QLK-110[®]

Finally, a docking system alternative.

For over 30 years, Q'Straint wheelchair and occupant securement systems have been synonymous with safety, quality and reliability. These same design principles have been applied to the QLK-110, the latest in docking system technology.

QLK-110[®]

The QLK-110 is the perfect solution for wheelchair passengers who drive their own vehicles and for those who want the independence of quickly securing their own wheelchair using a single point system.

- Easy to Install
- Works with any vehicle
- Aesthetic Dash Control
- Heat Treated
- Durable Micro-Switch Protection
- Over-Torque Protection
- Rearward Crash Tested
- Flush Top Surface
- Tapered Entry Channel
- Plug & Play Serviceability
- Sleep Function
- Low Current Draw
- Reduced Electrical Components
- Trivalent Steel Coating
- 2 Year Extended Warranty

QLK-110[®]

Safety is our business! Not only do our products go beyond all safety standards, but we are actively involved in all major international safety committees to assist in developing and improving wheelchair and occupant safety standards.

Q04S111
**QLK-110
DOCKING SYSTEM**
